

S825 **ALL POSITION**

The S825 is an all-position mixed service tyre engineered with a special rubber compound which improves scrub resistance. The stone ejectors within the groove reduce stone retention while the angled tread blocks deliver excellent wet traction.

Features & Benefits:

- Interlocking lugs improve stability and uniform wear.
- Stone ejectors reduce stone retention.
- Wide footprint and unique shoulder design improve stability.
- Special tread compound improves tread life.
